Susie's note.....I saw Mat play a couple of times at the Organic River Festival as a solo singer./ guitarist.

He has an exceptionally beautiful voice with an amazing range, and I encourage everyone to come and see Mat.

A beginners musician night will be held on the first Wed. of each month at a non public venue, starting soon,details in the next newsletter. This night will be a supportive gathering for new musical ideas you may wish to try out, or for musicians who are still very shy, or brand new. Many of us started at these evenings.
